

FEBRUARY
2ND

HELLO MY NAME IS:

cut along dotted line

THE OFFICIAL GUIDE TO GROUNDHOG DAY

In case you can't make it to Punxsutawney, PA on the morning of February 2nd, you can now enjoy Groundhog Day from the privacy of your own desk courtesy of CREATIVE INSTINCT.

Directions:

1. NAME YOUR RODENT

(I.e. Punxsutawney Phil, Balzac Billy, General Beauregard Lee, Warton Willie)

2. CUT OUT & ATTACH TO BASE (use your safety scissors!)

3. PLACE IN FRONT OF WINDOW (sorry cubicle dwellers... you won't see natural sunlight for another 6 weeks anyway)

4. TAKE A FEW MOMENTS TO PONDER

Shadow or no shadow. Either way you look at it, there will still be six weeks of winter left. On the other hand, if groundhogs can predict the weather... anything is possible.
